LOVE YOUR NEIGHBOR -- ALL YEAR LONG

With the Christmas Season behind us, you would think that the lower level of the Neighbors building would be quiet and empty. But work on the Christmas program continues albeit in a subdued atmosphere. From the end of October through mid-December, the place was abuzz with people applying for assistance and volunteers running around filling bags of clothing and toys for the children. Now there are only a few of us counting the leftover toys and clothing and packing them in boxes for next year.

Are we ready to sit on our laurels and bask in the satisfaction of surviving another Christmas season? Not by a long shot! After we tally up the numbers of items given out and items remaining, we get to work on our lists for next year. This is where we could use your help.

When you are out shopping the after Christmas sales, please think of Neighbors. Within the next few months, stores will put their winter clothing items on clearance. Here is our chance to get the warm clothing we need at a reduced price before it all disappears until next fall.

Here are the clothing/Toy items that are most needed:
